

St. Mary's Wollaton Park online for kids

Sunday 17 January 2021

Body games

You could try the game Ali and Kate played on the video – can you find out what something is without using your eyes? Can you cross the room without using your feet? Can you sit down without using your bottom??

Maybe you can think of other challenges to try without using the special part of your body for that job.

Or for little ones you could sing Heads, Shoulders Knees and Toes or practise pointing to different body parts. If we believe in Jesus we are part of his body, the church!

Keep in touch

One way we can act like part of Jesus' body is to keep in touch with people from church. They would love to see you on Zoom after the service – you could bring something to show, like something you made this week, your favourite book or toy, a magic trick or a song.

How about choosing someone from church and praying for them? They would love to get a message saying you have been praying for them.

Or you could draw a picture for someone at church and send it to them. They would love to know you are thinking of them. If you don't have their address, feel free to send it to the Vicarage and we'll send it on.

We are the church

You can listen to this week's new song at <https://youtu.be/HPEonEoZL5A>
